Opis produktu

"Invoking The Abysmal Night", the fourth full length of Aegrus is finally here and it's going to be one of the highlights of 2023. The album contains seven infernal tracks of Black Metal supremacy in the name of Satan, Lucifer and Death.

Lux Tenebris: "There is more variation than ever before on that album and at the same time it sounds 110% Aegrus so I can guarantee that you will not be disappointed.
I'm highly satisfied with the outcome starting from the cover art and ending with the very last note of the album"

The cover artwork is again made by highly talented Helgorth from Babalon Graphics.

200x heavyweight black 12" (180g) in a microtene innerbag, printed innersleeve, full-color on 220g, download card, jacket, full-color printed on 350g, all assembled in a plastic overbag.
