Opis produktu

Comes with Die Cut Jacket, Double Sided Insert and Poster.

New Jersey malevolents FUNEBRARUM uncloak their third full-length; the sheer magnitude of “Beckoning The Void Of Eternal Silence” rains down world-ending Doom tenebrosity with searing scowls of Death Metal assailment.

With a perturbed atmosphere writhing around the entire record, the pulsation of which “Beckoning The Void Of Eternal Silence” breeds is an expertly calculated Deathdoom craftsmanship and yet emitting at times a surreal bridging between extreme genres in orchestra-like precision. The core DNA of FUNEBRARUM has remained intact albeit the exalted darkness have shaped themselves to be cut from a different cloth.

Recorded at Elektric City Recording (Ascended Dead, Coffin Rot, etc) by Charles Koryn with additional recording and mixing duties by Stephen DeAcutis at Sound Spa Studios (Ripping Corpse, Evoken, Disma, etc). Mastered by Daryl Kahan at Winterdark. Cover artwork by Daryl Kahan.
