Opis produktu

Cleveland death metal legends-in-waiting **200 STAB WOUNDS** have returned with **Manual Manic Procedures**, set for release on June 28th through Metal Blade Records.

A superlative sophomore effort that follows their tour de force debut, 2021’s Slave To The Scalpel, the new album **Manual Manic Procedures** is a brutal slab of old-school death metal with a contemporary edge. Not for the faint-hearted, the record may well be the album that puts classic gore-themed ferocity back into the metal community’s collective consciousness.

Slave To The Scalpel saw **200 STAB WOUNDS** insinuate themselves into the minds of extreme metal fans, leading to praise from Pitchfork for their “unpretentious brilliance, pitch-black sense of humor” and an “aesthetic [that’s] built around a chugging, groovy riff that stomps down a path of destruction.” Manual Manic Procedures sees the band upping the ante both musically and lyrically.
