Opis produktu

LP (white vinyl) with printed insert, special vinyl mastering and padded inner sleeve (200 copies available)

Fast rising Seattle black doom outfit ISENORDAL and Oakland's blackest five-piece VOID OMNIA are delivering a rare treat for their following with this Split EP. Originally released as a limited run of 250 cassettes, the original tape EP sold out about half-way into their joined 34 date tour across the USA in 2018.

Prophecy Productions will make this much sought after material available on vinyl for the first time (300 black and 200 white copies) in collaboration with Exalted Woe Records on July 9, 2021.

The ISENORDAL side was recorded in the same session as their folk album "Spectral Embrace" in early 2018, while one of the VOID OMNIA tracks goes back all the way to 2013/2014 when they were still operating as a trio.

Tracklist:
1. Isenordal - Eternal Winter of the Mind
2. Void Omnia - The Terror Which Traipse Unseen in Slumber
3. Void Omnia - Of Oak and Soil
4. Void Omnia - Disdain Reprieve
