King Dude - Songs of Flesh & Blood - In The Key of Light

- digipack CD
- fold out miniposter / lyric sheet

King Dude's latest full length album, Songs of Flesh & Blood - In The Key of Light is the latest chapter in an ever unraveling songbook that captivates the listener from beginning to end. This is the King's most personal writing to date, although still divined from the spiritual Light of the Lord, Songs of Flesh & Blood - In The Key of Light is not only a spiritual revelation it is also a revelation of the life of the man behind the music. TJ Cowgill's own recent real life experiences with love, loss, death, and violence are illuminated and explored on this album, sure to be canonized alongside the rest of his work.

"At times I thought this record will kill me, writing it and recording it, I felt as though I was going insane. Now that it's done I am convinced not only will people love it, but that I have become stronger than my former self. For this divine work I am given, I am blessed." - King Dude
