A death metal classic is unearthed from the crypt: DECEASED's masterfully haunting *Supernatural Addiction*! Originally released in 2000 on Relapse to widespread acclaim, DECEASED's *Supernatural Addiction* saw these underground legends expand upon the epic narratives of the preceding *Fearless Undead Machines* but put into punchier, more concise attacks without losing any of drumming frontman King Fowley's characteristically creepy storytelling. Less "death metal" and more deathly heavy metal, this DECEASED album cemented their staus as one of the most unique and recognizable metal bands since the turn of the '90s.
