Opis produktu

Comes housed in 300 gsm sleeve with double sided inner sleeve on 220 gsm carton.

VREDENSDAL, founded 2018 by The Goblin Reaper in Green Bay, Wisconsin - with the intention to alter the typical expectations of what Black Metal can be, integrating multiple influences into a single dynamic force to call out the primal desire within all to look deeper into our own inner shadow. Dubbed "N.W.O.U.S.B.M." by fans, the music features styles both, the familiar and the unknown, which weave a tapestry of homages to the masters of yesteryear and explore new takes on the genre, most often in a thrashing & grooving madness. Fans of both the classic and contemporary Black Metal sound will find this outstanding act warrants repeated listening.
