Opis produktu

occult black metal from denmark, feat. members of ligfaerd and serpent lair

WITCHCULT is a Danish black metal group originally concieved by Besat, Spedalsk and Benedictus on guitars, vocals and drums respectively.
The music is a blasphemous unity of the violent and the vicious, the sinister and the sepulchral. It was concieved to reflect the liturgical format of the lyrics, devoted to Satan and the way of the witch, each a cantata in a sacrament in his name.
After the release of the debut album Cantate of the Black Mass drummer Arent and guitarist Erebos joined the cult to begin work on their next liturgy.
