Opis produktu

The 2024 studio album from **Mortal Skuld**, the revered masters of US Death Metal.

Scaling new heights of brutality, **Creation Undone** is a work of inspired extremity from frontman and mastermind **Dave Gregor** and co.

Black vinyl edition.

In a time when the band’s iconic and celebrated debut ‘Dying Remains’ reaches its thirty year milestone, and with recent live activity on both sides of the Atlantic seeing the quartet performing to a ravenous fanbase of metalheads both old and new, Morta Skuld now returns with a ten track opus of pure death metal in their unrelenting and unwavering pursuit of heaviness, still going strong after three decades, as the band unleashes their successor to 2020’s ‘Suffer For Nothing’.

With themes exploring an increasingly savage, corrupt and destructive state of the world in present times, and executed with a razor-sharp precision, with ferocious and hook-laden compositions to match and even exceed any of their highly-regarded early output, ‘Creation Undone’ was recorded and mixed at Belle City Sound Studios by Chris Djuricic, with mastering work conducted at Flatline Audio with Dave Otero.

Morta Skuld formed in Milwaukee in 1990, quickly producing two demos before going on to release three albums on Peaceville Records (initially via legendary sub-label Deaf Records) in the early-mid 90's. Many years later, and with a new line-up, founder and main-man David Gregor then reunited with Peaceville for the opuses 'Wounds Deeper Than Time', and 'Suffer For Nothing', showing that none of the brutal & inspired magic of the band's former years had been lost.
