Second Press

2559 x Red, Mustard Yellow and Bone White Tri Color Merge with Blood Red, Neon Yellow and Bone White Splatter

Five years since the release of the universally-acclaimed Omnivium, Germany's progressive metal masters **OBSCURA** are poised to return with their strongest and most dynamic release to date. The aptly-named *Akroasis* (Greek for "hearing" or "listening") draws on all the various elements of **OBSCURA**'s signature sound and combines those qualities into a mind-blowing and cohesive whole. Produced by the band and V. Santura (Triptykon, Pestilence), *Akroasis* is eight songs diverse enough to serve as a near-comprehensive introduction to all of extreme metal. Packed to the gills with virtuosic musicianship, compelling themes, and airtight songwriting, **OBSCURA** will undoubtedly breathe new life into death metal, progressive metal and beyond. CD and LP versions each come with (separate) exclusive bonus tracks!!
