*Comes in a 4-panel digipack with a 12-page booklet.*

The wonderfully productive Swiss atmospheric Black Metal band **AARA** return with urgency to unleash "**Triade II: Hemera**", their 4th full-length since 2019 and the second chapter of the *Melmoth* trilogy.

Based upon the 1820 Gothic novel '**Melmoth the Wanderer**' by *Charles Robert Maturin* - and closely connected in style and atmosphere to 2021's initial instalment "**Triade I: Eos**" - each of the 6 brutally melodic tracks follows the book's chronological mid-point narrative in a dazzling critical examination of theism and scepticism through the medium of top-tier Black Metal.

Although conceptually aligned with part one of the trilogy, "**Triade II: Hemera**" further-advances the **AARA** sound into realms of progressive extremity: defined once again by the beautiful lead melodies of composer/guitarist *Berg*, the record combines a raw violent undertow with subtle rhythmic shifts, left-field riffs/refrains and sublimated vocal savagery - interweaving Christian choirs, the Jewish shofar horn and traditional Indian vocal samples into yet another outstanding offering from an unstoppable young band overflowing with ideas and confidence.
