Opis produktu

This limited edition comes in a 4-panel digipack with a 12-page booklet, an exclusive slipcase and exclusive black polycarbonate CD.

"**Nyx**" - the given name for the Greek goddess and embodiment of night - is the fittingly climatic *dénouement* of **AARA**'s album trilogy based upon the 1820 gothic novel "*Melmoth the Wanderer*" by Charles Maturin.

The Swiss melodic Black Metal band's 5th full-length since 2019, "**Triade III: Nyx**" is a suite of emotionally sharp songs in which sublimated choirs, disembodied voices and myriad otherworldly textures preserve atmosphere while swarming, hyper-lyrical guitars and pounding jackhammer percussion provide Industrial-level tensile strength.
