Opis produktu

SPLATTER VINYL
180g (Heavy Vinyl), 300gsm Cover, Insert + Black Paperbag, Poster in A2 format

Active since 2013 and following the previous álbum called “Perversiones de Muerte Putrefacta”, the side Project of the sick mind self-called Cadaver, is ready to unleash upon feeble minded bastards a new destructive installment called “Mortandad”, which continues to the legacy of ultra conservative declaration of Death Metal / Grindcore with clear influences of old school bands such as Napalm Death, Repulsion, Blood and mixing these with the regimental militancy of Proclamation and Black Witchery.

The result of this interesting musical symbiosis is “Mortandad”, an album filled not only with the purity of the genres perhaps due to the isolation of the Panamanian scene where they are from, but also soaked with the Central American brutality which they draw their lyrical influences from. Because “Mortandad”, is not an album filled with senseless and shocking violence and gore done for the sake of it like many of their colleagues of the genre, but they have inspired their lyrics in a real brutal case which turns the whole listening experience into a Bizarre tour de Force of unseen violence for good old Europe of the current times.

Music recorded by Cadaver at Rehearsal room Plug & Play, Vocals recorded at El Sendero el Pianista in Boquete (Panama), 2018. All music and lyrics by Cadaver. Session members: Yigo Manzo (Guitars) and Anibal Sucre (Bass and Leads). Mixed by Cadaver, Mastering by M. Dahmen at Liquid Aether Audio (Germany), 2018. Artwork by Bayu, 2019.
