## Opis produktu

**POZYCJA POWINNA BYĆ DOSTĘPNA OKOŁO 10-15 LIPCA !!!**

Me Saco Un Ojo Records and Dark Descent proudly presents the second album from Denmark’s Dead Void.

Spectral death metal conjurations will grasp you with their doom-tinged tendrils from the onset of this record. The gritty, booming riffs open a chasm of darkness for the punishing drums to cast skulls into. Met by otherworldly vocals, this is certain to grip any fan of sepulchral music with its enchanting and intense abyssal atmosphere. Do not be fooled by the slower lumbering moments into thinking this will be an easy listen. Stampeding ferocity and wild madness soon erupt from the charnel openings to give a burst of frantic psychopathy to the experience. Churning doomed violence and convulsive bestial onslaughts entwine around each other to project forth arcane death metal violence with huge dynamics and an utterly savage feeling to every second. With a natural, organic production to convey the filthy nature of the music perfectly; this is not a record that will hold your hand rather drop you into a void of souls with malicious intentions.

From the devastating drum work and monstrous riffing to the wickedly contorting bass lines; each instrument complements the others in this storm of triumphant vitriol while the commanding vocals spew malice to superb effect. The low end murmurings and rusted blades of the leads are an idyllic balance of inhospitable sounds that will surely satisfy any real underground lunatic seeking dark music. These five pieces clock in at 35 minutes and the sheer intensity is upheld for every second. Crypt-lurking doomed despair and utter ferocity become companions while the groove of the more mid tempo sections tie everything together. There is certainly nothing missing for an impactful and memorable experience. Allowing itself to decay and reform throughout; you will see, hear, feel, smell and maybe even taste the stages of cranial decay and the anguish of the brain matter breaking down into nothingness. This is a record which doesn’t follow predictable patterns nor rules but wildly possesses you with the malignant spirits from death metal’s darkest corners...
