Opis produktu

Split 7" between Aberration and Diabolic Oath: black vinyl and download card inside a black heavy cardstock cover silkscreened with metallic silver ink.

SRUIN223
In anticipation of greater, more horrific things to come in the new year, we proudly bring you the “Divinations” split 7” between Aberration and Diabolic Oath, two rising forces of surrealistic extreme metal darkness. This two-song declaration of war upon human psyche showcases the two US-based sorcerers of omnipotent aural terror in complete command of control of their respective crafts as they summon each their own staple idealization of humongous and hallucinatory black/death deformations. “Divinations” serves as a precursor and taste to what's to come, namely the spring 2024 release of the bands’ two new full length albums, Aberration’s colossal “Refracture", and Diabolic Oath’s still secretive but completed second full length abomination.
