### Opis produktu

Bestial, pulverizing, black/death metal barbarity from the outermost realms of insanity.

Sacramento, California-based desecrators Abhorrency bring us their humanity-ending debut full-length abomination, "Climax of Disgusting Impurities", thirty two minutes of complete savagery and bestial sonic abandon worshipping the deranged cult of bands like Death Worship, Conqueror, Bestial Warlust and Proclamation.

Unrelenting and antihuman in every aspect imaginable, the nine-song audial weapon of mass extermination establishes a perpetual state of torment and terror within the listener through an unyielding death-bearing black, death, and grind-infused onslaught designed to demolish every human presence by any means necessary.

A new cult of total death has risen, and Abhorrency are its new chaos-wielding prophets and emissaries!
