Abigor (AUT) - Demos 1993-1994

Darkness Shall Rise Productions hereby present the complete ABIGOR demo-recordings.

For the first time, these 5 tapes (*Ash Nazg ...*, *lux devicta est*, *promo tape 2/94*, *Moonrise* and *In Hate & Sin*) are compiled as a stand-alone 2LP / 2CD album, accompanied by extensive photo material and an in-depth interview, covering the period from the formative 1980s, over the conditions leading to the establishment of the band, up to the days when a deal for their debut *Verwüstung/Invoke The Dark Age* was signed.

The direct and unveiled nature of these recordings invites the listener to travel back in time, step into ABIGOR´s rehearsal cellar and experience the raw, youthful energy which shows a different side of the band than the successive recordings at Hörnix Studio.

The pressing and print quality make this double-album the ultimate memorial to the reckless bygone days not only of ABIGOR but also of Black Metal as a whole.

After more than 30 years, the hands-on experiments of those simple, analogue times still work their magic!

On 24 A4 pages respectively, the circumstances around each demo are treated individually.
Incl. A2 poster and download-code.
