Opis produktu

Solid black vinyl (180g) limited to 200 copies.
Brutal Swedish death-thrash from the frozen crypts of Eskilstuna!! A meticulously exhaustive collection featuring:
- All official demos
- The ultra-rare "Emasculation" rehearsal/demo (1988)
- Previously unreleased studio recordings
- Bonus rehearsal material

31 TRACKS with a total playing time of 100 minutes, fully restored and remastered from the original tapes! A savage assault of raw, aggressive death/thrash metal in the vein of early Sepultura or some of the other death/thrash metal artists starting to emerge in those years (fellow Swedes in Merciless are an example of that), while also drawing strong inspiration from the German thrash scene led by Kreator and Sodom. Macrodex combine ferocious songwriting with outstanding musicianship, topped off by Roger Petterson's unmistakable snarling vocal delivery, perfectly matching the relentless aggression and intensity of the music. Includes extensive liner notes by Nicola Costantini (Encyclopedia Of Svensk Döds Metall), original fanzine excerpts, flyers and tape scans. Gatefold sleeve with 12 page booklet. For fans of NIHILIST, CREMATORY, MERCILESS and CARNAGE.
