Opis produktu

MALTHUSIAN sign to Relapse Records and unearth their deathly opus, ***The Summoning Bell***.

On their highly anticipated new album, **MALTHUSIAN's** fetid hallmarks are ever present: truly unforgiving, unrelenting **Death** Metal.
Swirling chords and ominous cymbal swells give way to the band's opener "Red, Waiting". What follows is a flurry of murk and madness - blast beats pummel against churns of distortion. The sonic atmosphere cultivated by **MALTHUSIAN's** palpable fury is suffocating; each riff carefully crafted to push and pull on the momentum behind their music. **The Summoning Bell** is undeniably a pitch-black take on the genre.

The Summoning Bell is a lighting of the pyre - each of the album's tracks explore themes of true nothingness, condemnations of superstition, and a profound descent into darkness and time. The end result is a record that seemingly reconciles with a dimming - internal and external, a true end to everything.

"We aimlessly search

Giving purpose to the nothing

Creating false comforts within

To hold in an eternal abyss.

To exist between the dying sun and a rising moon

With a constant dull ache

Eyes closed

Bitter taste"
