### Opis produktu

Osmose Productions is proud to announce the re-release of Absu's sophomore achievement The Sun of Tiphareth – 30th Anniversary Edition.

Supplying the original DAT tape by Proscriptor himself, this majestic edition of cult, mid-90's mythological occult metal has been newly mastered for LP & CD. Proscriptor quotes in regards to the new master's sound: "Now, the entire album is nothing more than spellbinding and bludgeoning, as our second full-length conquest has never sounded ANY better!" The companion album features an alternate 2012 stereo mix from the original recordings, which presents the album within a broader, dynamic spectrum.

This special edition Double LP and Double CD includes extensive liner notes, artwork and a comprehensive essay regarding Absu's logo evolution. The special Gatefold LP includes two full-color posters.

ONLY ONE RUN of 500x double CD, 24 page booklet 145g art paper, sealed.
