## Opis produktu

180g clear vinyl, regular jacket + LP-sized insert!

‘Geen vuur in gods hallen’ is a brand new single from the upcoming fullength ‘Waan van de leegte’ by the Dutch atmospheric Black Metal band Nachtheem, a band shrouded in mystery well below the underground.

The album is a testimony to a sleeping world and its inherent emptiness that has beckoned those avoidant of a deeper truth. The sound found on previous demo and split releases has been refined, crafting a more matured vision of their style of atmospheric dark metal. They explore floating and hypnotic structures combined with a healthy dose of aggression, making ‘Waan van de leegte’ a unique recording of a sound that is solely their own.
