### Opis produktu

Amarta (Formulas of Reptilian Unification Part II) is the eighth opus of the hermetic coven of Acherontas. After several magical journeys during the last decade, having led the innovation of the genre by using many meditative ritualistic parts, this time the Devil's Art is summoned by the ACHERONTAS coven within the creation of a straight black metal album, rejecting the trend of an oversaturated scene that blindly joined the line of ritual ambient genre to attract the sheep with hollow visions. This is a revolt against the modern genre of extreme music, an artistic extremity to shutter every disbelief, a new oracle. Keep the fires of burning skulls high! Lepaca Lucifer!

The vinyl version of Amarta comes with heavy vinyl, A2 sized Poster and a 20 pages booklet (29,7 x 29,7 cm). The grey col. version is limited to 100 copies.
