Old Wainds (RUS) – Where the Snows are Never Gone… (Здесь никогда не сходят снега...)

Grim, barbaric, ice-cold blackness from beyond the Arctic Circle.

Murmansk is a Russian city situated north of the Arctic Circle near the Norwegian and Finnish borders. It's not only notorious for its extremely harsh and long winters but also for being home to one of Russia's oldest and most significant Black Metal bands – OLD WAINDS.
Arisen from the icy plains in 1995, founder Morok aided by a variety of members throughout the horde's 30 years of existence managed to produce a remarkable discography. Unaffected by fleeting fashion and with disregard for public exposure three demos, one split album with NAV and five full length albums filled to the brim with barbaric hymns of no-nonsense Black Metal were up to this point spawned under the banner of OLD WAINDS.

Hot on the heels of OLD WAINDS' latest album *Stormheart* on Darkness Shall Rise we are extremely thrilled to hereby present long overdue reissues of some glorious titles of their early catalogue.

Often mistakenly considered a second demo tape, *Where the Snows are Never Gone...*, conceived and released in 1997, is OLD WAINDS' first full-length album. The eight songs whose titles and lyrics apart from the opener are all written in Cyrillic show the band at their most barbaric and unhinged. Musically following in the footsteps of early Norwegian classics, the material sees these mad savages annihilating everything in their way. Those inhuman vocals must also rank among the most insane and hate-filled ever.

Remastered by Jack Control and Maor Appelbaum at Enormous Door.
With complete restored layout.

Where the Snows are Never Gone... is also available on MC, Digi-CD and digital.

The following LP with 12-page 12″ booklet versions are available:
– 250 x classic black vinyl
– 250 x galaxy milky clear black vinyl

Side A:
1. Нечестивый северный огонь | Unholy Nordland Fire
2. Воины зимы | Winter Warriors
3. Боги глядящие вниз | Gods Gazing From Beyond
4. Вечный странник зимних ночей | Eternal Wanderer of Winter Nights

Side B:
5. Здесь никогда не сходят снега… | Where the Snows are Never Gone…

6. В преддверии морозных гор | At the Gates of Frosty Mountains
7. Стража ледяного королевства | Guardians of the Icy Kingdom
8. Холодные скорби бледной луны | Cold Mourning of the Pale Moon
