**Ossuary (US) – Abhorrent Worship**

You find yourself two thousand meters below the earth’s surface surrounded by overwhelming darkness. Cold and wet, the path has collapsed behind you. You have nowhere to go, but still you scream. You scream, and scream, echoing into the darkness, [dissolving] your throat like acid. It’s no use. There’s no way out. You die here. OSSUARY have made this cave for you.

*Abhorrent Worship* is a relentless, pummeling assault: 6 tracks in 37 minutes of cacophonous, suffocating evil punctuated with distorted, droning atmospheres. Hissing and dripping wet with bile, vocals incant beneath monstrous searing, chugging guitars and thunderous, pounding drums & bass at a primordial pace executed with precision and finesse.

Ossuary take their time between releases, which shows, and once again *Abhorrent Worship* is worth the wait. Once you press play there’s no going back, accept your fate happily or not. You die here!
