For almost 20 years, Portrait from Sweden have delivered their 'heavy metal darkness' to the world. The bands' development since the debut demo in 2006 is remarkable. Ever since then, Portrait has managed to develop and stretch their sound into several territories, without losing touch with their original core. Following up 2021's acclaimed 'At One with None', the band returns with their sixth album 'The Host', the first album to feature guitarist Karl Gustafsson as part of the bands' line-up.
