Opis produktu

Jewel Case CD with 16 pages booklet.

8 years after the critically acclaimed debut 'Infernal Atrocity', REVULSED are finally back to unleash worldwide their most brutal effort 'Cerebral Contamination'! The release of the band's debut album on vinyl was probably one of the most brutal chapters for the label and the new 'Cerebral Contamination', for which we will take care of all the formats giving finally the band the treatment they deserve, is nothing less! Brutish death metal quintessence, the epitome of aural savagery!
For fans of Suffocation, Cannibal Corpse, Defeated Sanity and Inveracity.
