Opis produktu

CD in deluxe Digipak with gold foil and 16-page booklet.

Hailing from the heart of French black metal, SETH presents a grim and haunting narrative with their relentless musical fury. Glazed with elements from the French Revolution, new opus ‘La France des Maudits’ takes inspiration from the very streets that bled under the guillotine’s kiss.
With ‘La France des Maudits’ SETH carve out the anthem for those rising from the ruins, the unyielding, the eternal rebels. This black metal revival offers a narrative of relentless fury, invoking the spirit of insurrection, liberation, and defiance against divine oppression. With tracks such as “Paris des Maléfices” and “Et Que Vive le Diable!”, they weave a dark tapestry of sound, showcasing their unique niche in atmospheric black metal. Anthems of resistance that echo the cries of a new age unwilling to kneel before divine decay.
Dive into the tumultuous serenade of ‘La France des Maudits’, an album that roars in the key of revolution.
