Opis produktu

Beautiful 6 panel digipack CD with booklet.

The Quintessence of Gothic Metal! Classic Tristania album finally available again!

Tristania's second album "Beyond the Veil" is the pinnacle of Gothic Metal; a grand, haunting masterpiece of orchestral darkness and unrelenting melancholy.

Towering choirs, razor-sharp riffs, and chilling dual vocals collide in an atmosphere of pure sorrow and cinematic intensity.

This is Gothic Metal at its most ambitious and emotionally devastating.

• One of the most ultimate Gothic Metal releases ever from the 90's, the golden age of Gothic Metal.
• Recorded and produced by Terje Refsnes in Sound Suite Studio (a.o. Gehenna, Theatre of Tragedy)
• Features Vibeke Stene on female vocals and Morten Veland on vocals, later of Sirenia
• Cover artwork by Tor Søreide Design (Obtained Enslavement, Tristania, Sirenia)
• Bestseller at the time for Napalm Records
• Huge demand to be re-issued on vinyl
