Opis produktu

'We are God", the 3rd full length album by the German band TSATTHOGGUA, is aimed at all the perverted black sado-crazies out there. The original line-up of the band has reunited after more than twenty years to kick some ass and dominate. In true black love, they are once again signed to the renowned Osmose Productions label and offer you nine brutally hellish, blasphemous black terror tracks of the bizarre kind for 40 minutes.
The anthems of hate and contempt were recorded and mixed at the infamous Rambado recording studio. Incredibly powerfully mastered by the fantastic D. Koehne, the new songs promise pure glorious ecstasy.
With this release they are taking a completely new path with their bizarre art paired with the inimitable chaotic style of years past. The next extraordinary artwork was designed by the fantastic artist MorphArts and shows in his art the clear demarcation from everything known from this and past days.
With this release, TSATTHOGGUA show once again that there is no paradise for human sheep. It will pass the time until salvation.

300x heavyweight bloodred 12" (180g) in a microtene innerbag, innersleeve full-color on 220g carton (coated paper), download card, jacket full-color printed on 350g carton, coated paper (semi-gloss), all assembled in a plastic overbag.
