### Opis produktu

Sweden's Afflicted stunned death metal in 1992 with their lauded debut, "Prodigious Sun". Progressive, psychedelic yet profoundly brutal, the Stockholmites stormed the heart of convention with "Ivory Tower", "Tidings from the Blue Sphere", "Harbouring the Soul", and "In Years to Come". Unavailable for years, "Prodigious Sun" sees new light via a spectacular, original-state remaster by ace Patrick W. Engel (Corrosion of Conformity, Destruction) at Temple of Disharmony Studios. If Napalm Death, Soundgarden, Voivod, and Pink Floyd went on a collective peyote excursion in the forested suburbs of Stockholm, it'd be Afflicted's groundbreaking "Prodigious Sun". This highly acclaimed classic masterpiece will be available as 180g LP including LP-booklet, as Ltd. CD Jewelcase in slipcase as well as digital album.
