Opis produktu

Solid cover with golden prints and interior print, 24-page booklet on uncoated paper, black inner-sleeve with poly lining, and a designed download card for the digital album.

180g Green Black Vinyl with booklet + album download

On his third album "Om hundrede år" AFSKY mastermind Ole Luk processes his impressions about life and death and sings laments and odes for his family, and the time of past generations.

Not only inspired by conventional black metal, Ole Luk draws influences and melodies from old Danish schlager music, classical music and 60s/70s pop into his music, creating an idiosyncratic atmosphere that has already become AFSKY's trademark.

Thus, "Om Hundrede År" tastefully blends elements of folk, depressive, second wave and atmospheric black metal into a soulful whole and is a captivating and touching work and structured release that creates a haunting atmosphere through melancholic acoustic elements, moody soundscapes and rich melodic presence. It is a touching journey into light and darkness that effortlessly treats black metal as if it is more than just a vessel for negative energies.
