Opis produktu

Here is the reissue of the 1992 cult album “Towards Beyond” by the French death/thrash pioneers AGRESSOR, now available in CD (jewel case) and gatefold LP formats (2 colors versions). This second opus of the band deals again with innovative sci-fi themes, technical brutality, and riff mastery.

Formed in 1986, AGRESSOR released debut full-length death metal album "Neverending Destiny", pioneering the thrash/death scene alongside Loudblast, Mercyless, Massacra, Crusher...

Re-issue, 300x aqua blue with milky clear swirl A/B side in a polythene black sleeve, full coloured gatefold jacket printed on 350g carton, full coloured booklet, 610X305mm, all assembled in a PVC overbag.
