Opis produktu

HELTER SKELTER PRODUCTIONS is proud to present AIHOS' striking debut mini-album, *Ikuisuuden Suojaan*, on CD and 12" vinyl formats.

AIHOS hail from the ever-fertile Finnish black metal scene. As such, the quintet's sound is staunchly traditional and purist, but they exude a nasty personality all their own. *Ikuisuuden suojaan* was originally self-released by the band in 2013, but so impressed by it, HELTER SKELTER released a limited cassette version during autumn 2017. Now, feeling AIHOS deserves a wider look, *Ikuisuuden suojaan* arrives on CD and vinyl to torment ears with filthy propulsion and bewitching melody: an ice-wind blast from the past, thawed out in the present!
