Opis produktu

The debut 3-track demotape is released in 100 copies (black or transparent) and includes a 6-panel j-card.

The centre of the rural Dutch area De Betuwe spawns forth its most rotten fruit ALHISTJA.
These tunnel visioned veterans embrace hooliganesque black metal primitivity to its core.
If you are looking for refinement and evolution just FUCK OFF!!!
This demotape is the first scarecrow on a dead field!

ALHISTJA is a new 3-piece entity from the netherswamps, orchestrated by members from Urfaust, Chapel of Disease and Hellehond.
