Cena	<b>39,90 zł</b>
Dostępność	<b>Dostępny</b>
Czas wysyłki	<b>3 dni</b>
Producent	<b>Shadow Kingdom Rec.</b>

## Opis produktu

It's been four very long years since ALTAR OF OBLIVION's landmark *Grand Gesture of Defiance*, but the Danish kings are back to reclaim their throne with *Barren Grounds*! And although those four years have been quiet and could've spelled a change of course, ALTAR OF OBLIVION return rested and firing on all cylinders here, offering the same distinct sound as their celebrated pair of albums but perfecting it in a manner that's anything but barren. As emotional as ever and reaching equally for the heavens and hells, *Barren Grounds* offers four brand-new songs that span the signature ALTAR OF OBLIVION aesthetic. "State of Decay" begins the record quietly and then charges into molten heaviness, dynamically shifting gears, and often; "Serenity" is aptly titled, a placid instrumental that's the calm before the storm; the title track is pure emotional doom bliss, recalling the classic Candlemass archetype and arguably one of the band's best songs yet, while the hushed closer "Lost" is positively goosebump-inducing in its sonic loneliness. Altogether, and featuring the band's best and heaviest production to date, *Barren Grounds* makes for a completely satisfying mini-album experience: herald the return of ALTAR OF OBLIVION!

The title *Legend Master* is a telling one: here, TROLL dial back the swampier excesses of their more stoner-indebted work and aim for a more regal, prog-inclined style of doom. And yet, even with such a significant shift, the band's powers are truly hitting a fever pitch here, seemingly able to weave a majestic-yet-mournful tale at every turn. And there are five "turns" here, each of *Legend Master*'s five tracks an expansive epic in their own right. With two songs clocking in at eight minutes and the other three topping 10 minutes, TROLL render the album a world unto itself; riffs lumber and crunch and then fold and wander, creating atmosphere and tension alike, as enigmatic vocalist Rainbo really reaches into his soul to deliver a goosebump-inducing performance like no other. After 52 minutes, you'll feel like you've gone on a journey of a lifetime, yet will be pressing "play" again immediately after: TROLL have truly become that engaging.

SHADOW KINGDOM is so confident in TROLL's *Legend Master*, it promises the album's like sipping a fine wine - subtly intoxicating, savory to the palate, ever mysterious to the very end. Adorned with a classy cover and spellbinding layout, *Legend Master* will surely put TROLL in the league of such luminaries as Pallbearer, Warning (UK), Solstice (UK), and the Lord Weird Slough Feg. Begin the journey to the Legend Master NOW!
