AMENRA make their highly anticipated return with two EPs that highlight the band's career as one of the most compelling and unequivocally vital entities in extreme music.

Titled ***De Toorn*** and ***With Fang and Claw*** respectively, each of these EPs have distinct soundscapes, songwriting approaches, and emotional weight. The result is a two part journey through **AMENRA's** raw, visceral beginnings, and a look into the band's future as one of the most enthralling and cinematic experiences in the genre.

"*With **De Toorn** we finish what we have started with De Doorn in 2019,*" **AMENRA** vocalist Colin H. Van Eeckhout comments. "*We came as close to our cultural heritage as we possibly could and offered the world a glance of where we truly hail from. With the artwork reached back to the early beginnings of the band, MASS I. Aline Gorsens interpretation of the art propelled us in a world forlorn.*"

Van Eeckhout continues, "***With Fang and Claw*** *explores our earlier work, and merges with our contemporary being, setting the direction to what will soon become our MASS VII.*"

Recorded in a single session at the same studio in the Belgian Ardennes where the band's massive *Mass VI* was recorded, both EPs herald a new era for **AMENRA**. "*These EPs feel like the closure we were desperately seeking, as we prepare for a new beginning in our almost 3 decade long trajectory.*" - CHVE
