Amon (US) - Sacrificial / Feasting The Beast

Both classic AMON (pre-DEICIDE) demos *Sacrificial* and *Feasting The Beast*, finally available again on limited 180g LP, jewel-case CD and MC.

Officially licensed from the Hoffman brothers, these cult-demos are among the most significant and important underground releases of the late 80s and, along with a handful of other bands like MORBID ANGEL, DEATH, NOCTURNUS or OBITUARY, mark the beginning of the legendary Bay Area death metal scene from Florida.

Remastered for this DSR-release by Dan Swanö (Unisound) in June 2023.
