Opis produktu

This is the solo project by Uada founding member and guitarist James Sloan, a kaleidoscopic black metal creature deeply rooted in the depressive black metal sounds of the Nineties.
The Sorcerer’s Sorrow is Anachitis very debut, where obscure, minimal synths pave the way for obsessive guitar riffs and desperate shrieks recounting a tale of despair and self destruction. In Sloan’s words, “There is an underlying story here being told backwards of someone who desperately seeks answers to escape the pain of existence through esoteric practices, but finds nothing but a path to total self destruction”.
