This album is available for the first time on vinyl, limited to 300 copies worldwide!

With the fourth album Cypher, Finnish black metal outfit ...and Oceans completed their transformation from predominantly symphonic influences to industrial inspirations. Being a group that has never played safe, this record transcended genres, broke all rules and was both lauded and hated for it.
A must have for the fan to complete their ...and Oceans collection.

For fans of EMPEROR, ABORYM, SAMAEL.
Artwork by Shannon Hourigan.
