Opis produktu

2021 reissue with 4 bonus tracks!

The fumes of Scandinavian black metal were poisoning the air and the second wave of black metal had taken a new form. ...AND OCEANS emerged in the scene in 1995 with an exceptional and unique symphonic approach to the music. Shaping the music with ambient influences and using different languages to provoke and confuse in their lyrics, the Finns quickly stood out among their contemporaries in Scandinavia.

This re-issue of 'The Dynamic Gallery of Thoughts' (1998) contains several bonus tracks, including 'Ja Kylmä Vesi Nuolee Oksaa', '100meters final' [accelerate], 'Flesh' (GGFH cover) and 'Breeding the Evil Inside' (Bloodthorn cover).
