ANTISMA Mockery , PRE-ORDER [CD]

Cena	57,90 zł
Producent	Bestial Burst

Opis produktu

PŁYTA POWINNA BYĆ DOSTĘPNA OKOŁO 15 MAJA !!!

Old school Texas death metal as heavy and catchy as possible. Originally formed in those glorious heydays of the genre and released one demo tape in 1992, Antisma reformed in 2018 to play shows and finally release their debut full length studio album in 2024 with all their songs old and new. No modern influences or weird gimmicks, "just" good old meat-and-potatoes-death-metal that's unstoppable and heavy as Hell like a freight train, with most neck-breaking mosh parts known to mankind. "Just" better than nowadays bands tend to be. You like American classics like From Beyond by Massacre, debut Baphomet album, Cianide, British bands like Bolt Thrower, rawest Swedish dm like Grave... That type of blunt and violent death metal, then this is your go-to album in 2024. Powerful in-your-face production and awesome mosh power combined with Satanic and blasphemous lyrics, what more could an old school death metal maniac ask for?

- 01 Eyes of Damnation 03:07
