Opis produktu

Members of Towards Atlantis Lights, Dea Marica, Arrant Saudade and more collaborate to conjure up the finest kind of death/doom metal that encompasses the best qualities this style has to offer - stirring melodies, heaving riffs, immersive atmosphere, and some of the lowest, most anguished vocals possible alternating with lucid, spoken passages. None of it is overbearing or lingers on for too long as the songs waft through the doom vacuum, making their presence felt and imperceptibly changing something inside the unsuspecting listener. Much happens during the course of the hour and Aphonic Threnody don't follow a strict formula, leaving things open-ended and unpredictable as they keep changing things around without disrupting the emotional temperament. The Great Hatred makes for an engaging listen and will make you come back to unravel its richly layered and elegantly intertwined compositions. It's akin to living life all over again. And again.
