## Opis produktu

*Pressed on black heavy vinyl. Comes with a 8-page 12"x12" booklet and a download card. White screenprint on side B.*

On this cult release, the mighty **ARCHGOAT** is simply phenomenal, reigning as a master on the throne of sonic atrocities. With disconcerting ease the demonic horde violently assault our lost souls with a ton of deadly riffs, perverse synth waves, and always this mythic voice, imposing, guttural, and brutal... the whole thing deliciously bogged-down in a primitive and raw production.

This edition comes with the proper front cover as it was always meant to be originally as well as with an exclusive booklet gathering unseen pictures found in the vaults of the horde!
