Opis produktu

CD in jewel case with 16-page booklet

Following up their mind-bending 2017 album, 'Relentless Mutation,' ARCHSPIRE unleash their new full-length, 'Bleed the Future,' another unforgiving masterpiece that serves up technical death metal at its most extreme and intricate. The G-force levels of velocity and dizzying technical proficiency reach seemingly impossible heights, defying the laws of physics and pushing human boundaries to the outer limits.

'Bleed the Future' sits at the apex of technical and extreme metal, certifying ARCHSPIRE's place among the genre's masters.

For fans of Beyond Creation, Necrophagist, The Faceless.
Artwork by Eliran Kantor.
