## Opis produktu

Worlds collide as US juggernauts Ascended Dead combine forces with the relentless Chilean attack of Atomicide to bring you this new eight-song split. Each band provides four recordings including two covers...Sarcofago's Christ's Death (Ascended Dead) and Sepultura's Warriors of Death (Atomicide). The pairing combines two unstoppable entities hellbent on destroying your ear holes with their vicious style of aural assault. Do not miss what is destined to be the split of 2021!
