Opis produktu

Comes with double sided insert on 150gsm art paper housed in a 300 gsm carton outer sleeve.

Aspernamentum is the creation and vision of multi-instrumentalist D. Johansson. In a scene flooded with vague mindsets and a artificial approach to meaningful and pure black metal, Aspernamentum carves it’s own path fuelled by the true essence of Satanism. ”Primal Judgement Manifesto” is the culmination of a seed planted years ago. It’s the first step and presentation of Aspernamentum and it signifies the core elements of the true spirit of black metal. Primal, simple and honest.
Sold as an EP, clocking in over 25 minutes
