Opis produktu

WEREWOLF RECORDS is proud to present the second album of Finland's AZAZEL, *Witches Deny Holy Trinity*, on vinyl LP format.

Formed in that fateful year of 1992, AZAZEL are among the first black metal bands to hail from Finland - and undoubtedly, one of the most cult. The band released a demo in 1993 and a mini-album in '96, but then receded into the shadows and misery for many years. Following a split album with GOATMOON in 2011, however, the black flame of AZAZEL was burning brightly once again.

Originally released in 2015 on CD format only, *Witches Deny Holy Trinity* followed swiftly - and smoothly, if such can enter into AZAZEL's world of chaos and ruin - from the band's long-awaited debut album, *Jesus Perversions*, just two years prior. Compared to that record's ramshackle run through filth, fury, and most things bestial, *Witches Deny Holy Trinity* portrayed a more haunting and daresay "accomplished" version of AZAZEL. And the transition proved fortuitous, as the Finns continued to fine-tune their ancient vision of black metal and, if anything, delivered an album that's as classically 1990s as anything around. Step back into AZAZEL's still-ugly world with *Witches Deny Holy Trinity* on vinyl for the first time ever!
