Opis produktu

For the first and only time ever released on CD format. Finnish black metal legends Barathrum released their demo "Devilry" in 1997. It includes four tracks that later would be re-recorded on their fourth full-length album "Legions of Perkele". Where the album versions took a cleaner direction productionwise, this raw demo edition is over 20 minutes of pure possessed black/doom and the perfect follow-up to "Eerie".

This is pure Barathrum. Fully official, produced in close cooperation with the band.

If you order both this and the "Demo(no)s" 2CD you will receive a free replica from "Battlecry", the bands own magazine from '93 with interviews, photos, bio, etc.
