Opis produktu

Limited edition to 100 copies Brown and clear swirl vinyl.

Helsingborg putrefactors BASTARD GRAVE have once again stewed up another foul taste with their third album "Vortex Of Disgust"!

With their bewitching and elegant sense of absolute rotten Death Metal, "Vortex Of Disgust" is remarkably the band's zenith; shaping the old form of tried-and-true Scandinavian Death Metal and coalescing into an unmerciful clobber of swamp-soaked riffs truly unique to BASTARD GRAVE.

Recorded by BASTARD GRAVE except for drum recording by Ulf Blomberg at The End Studio (Crawl, Age Of Woe, Exhale, Inevitable End, etc). Mixed and mastered by Greg Wilkinson at Earhammer Studio (Autopsy, Chaotian, High On Fire, Atrament, etc) and artwork by Thomas "Necromaniac" Westphal (Cryptic Brood, Morbific, Deserted Fear, etc).
