Opis produktu

A Grey Chill And A Whisper is Beltez successor of the highly acclaimed record Exiled, Punished...Rejected and deals with despair, hopelessness, but also courage and strength. This wide emotional range is conveyed through haunting melodies, gripping shrieks and pounding drums into a dense, sinister and very moody piece of dark art music. The result is a monolithic entity that frightens as much as it allures.

A Grey Chill And A Whisper provides just enough room for the listener to briefly gasp for air amidst its overpowering walls of sound and is an unforgettable journey into a dark and desperate world
